Welcome to Altruix!

Our communication with you will be over the phone, email or through paper mailings or memos. Should you want to access a pharmacist, request medication, or any available drug therapy or patient management or instructions on how to access consumer advocacy support services, please contact us at the provided address and phone number or review our website.

According to pharmacy law, the generic equivalent of a brand name drug will be dispensed (substituted), unless the brand name is specified by the doctor. If your insurance company will not pay for a brand name drug, the pharmacy will help find a solution.

We will work with your doctor and insurance company to gain coverage or change the drug to an agreed upon alternative.

If a medication prescribed is not available, the pharmacy will first contact the doctor and request an alternative medication that is available. Next, we will call a local pharmacy that has the medication in stock and transfer the prescription there until the medication is available again.

If you need a refill medication, please call the pharmacy 3 to 5 days in advance to request your refill. When you will be traveling and need medication earlier than usual, please call the pharmacy so that accommodations can be made for you to receive your medication when you need it.

You are responsible for payment of the co-pays, out of pocket costs (deductibles, co-pays, and co-insurance) assigned by your insurance plan. There is no additional cost for regularly scheduled shipment and adherence packaging. We will assist with finding coupons or financial support programs if requested. If you request a rush shipment, you will be responsible for the additional shipping charge. We accept payments in the following forms: credit card, check or money order.

Patients are welcome to pick-up their prescription in-person, or our facility offers free local delivery.

If your insurance plan has a “quantity limit” or benefit limitation on a prescribed medication, we will first consult with you and ask if the out-of-pocket/cash price is acceptable. Should the price not be acceptable, the pharmacy will contact your physician for an alternative medication which is covered by the insurance plan. We may also recommend that the patient contact the insurance plan directly.

In case of an emergency, disaster or delay in medication delivery please call the pharmacy at (215) 494-9403. Speak to a pharmacy technician or pharmacist to coordinate a plan for medication receipt. Examples of solutions possibilities are Altruix calling a local pharmacy to fill all or a portion of medication needed, do an overnight shipment, or have the patient call 911. If the pharmacy is aware of a delay in advance, a pharmacy employee will call the patient/caregiver to give any information and an expected delivery date.

For information on your order status, or information on a delay in shipment/receipt please call Altruix at (215) 494-9403. The tracking number can also be given to you over the phone or email, if not already sent, so that you can track the package at any time, for your convenience.

Should your insurance change and/or we become an “out of network” pharmacy, you will be notified and given the option to change pharmacies if you wish. If the choice is to change pharmacies, the new pharmacy must call Altruix to request a transfer of prescriptions. If you wish to continue to use Altruix, the cost charged for medication will be provided in writing to you. If there is a change in your insurance company, we will reach out to the new organization and get your new cardholder information. We will have the updated insurance information and will bill to the new plan.

If you have any questions or concerns about service, medication or suspected errors call Altruix at (215) 494-9403 and speak to a pharmacist. Our professional staff will assist you.

If you have a reaction to a medication, call your doctor to report first, then call Altruix and speak to a pharmacist. We will note the reaction in your personal file. All adverse drug reactions will be logged, reviewed by a pharmacist and reported as appropriate to the regulatory agencies.

Please contact us if your medication arrives warm and should be cold.

For more information about Altruix and information on drug recalls, disposal of medication, and health and safety information please visit our website: <https://altruix.com/>

For information regarding Evidence based health information and content for common conditions, diagnoses, and the treatment diagnostics and interventions, please see our website at <https://altruix.com/> or contact the pharmacy directly at the number given and we will be happy to accommodate you.

Altruix's customer service center may make follow-up calls to patients to make sure they have received their medication and answer any questions they may have.

Thank you for choosing Altruix. We appreciate your business. We strive to provide you the best service, medication, and communication all throughout the process.

Kind Regards,

The Team at Altruix

The following are considered Patient Rights:

1. Considerate and respectful care from your pharmacists and other healthcare professionals in a manner that supports your dignity.
2. Receive care and communication that is respectful to your personal and cultural values, beliefs, and preferences.
3. Receive complete and accurate information about the scope of services that Altruix will provide and specific limitations on those services.
4. Receive relevant, accurate, current and understandable information from your pharmacist concerning your treatment and/or drug therapy.
5. Receive complete and accurate information from your pharmacist regarding the reason for your treatment and/or drug therapy, the proper use and storage of prescribed medications and the possible adverse side effects and interactions with other drugs, supplements or foods.
6. Receive effective counseling and education from your pharmacist that empowers you to take an active role in your health condition and treatment decisions.
7. Make non-emergency decisions regarding your plan of care before and during treatment, as well as refuse any recommended treatment, therapy or plan of care after being informed of the consequences of refusing treatment, therapy or plan of care.
8. Expect that all dispensed medications you receive are safe, accurately dosed, effective and in useable condition.
9. Expect that all records, communication, patient counseling by your pharmacists and all related discussions regarding your drug therapy, including its effects and side effects, are conducted in a manner that protects your privacy.
10. Confidentiality and privacy of all your patient information contained in your patient record and Protected Health Information, as described in Altruix's Notice of Privacy Practices.
11. Receive appropriate care without discrimination in accordance with physician orders.

17. Expect that your personal data, including all contact information, is not released by pharmacists, pharmacies or insurance companies to another party to be used in soliciting the purchase of goods or services, whether or not the solicitation is related to your care.
18. Choose the pharmacist and pharmacy provider where your prescriptions are filled and to not be pressured or coerced into transferring your prescriptions to another pharmacy or mail-order service. However, some insurers may have mandatory benefit plans that require you to use a specific pharmacy if the insurance company is paying the drug cost.
19. Choose a health care provider, including choosing an attending physician, if applicable.
20. Receive, in advance of care/services being provided, complete oral and written explanations of charges for care, treatment, services and equipment, including the extent to which payment may be expected from Medicare, Medicaid, or any other third-party payer, charges for which you may be responsible, and an explanation of all forms you are requested to sign.
21. Be informed of any financial benefits that might accrue when referred to an organization.
22. Be advised of any change in Altruix's plan of service before the change is made.
23. Receive information in a manner appropriate for your age, language, and ability to understand (vision, speech, hearing, or cognitive impairments).
24. Have family members or identified surrogate decision makers, as appropriate and as allowed by law, and with your authorization or the authorization of your personal representation, be involved in your care and treatment, and/or service decisions affecting you if you are unable to do so and have those decisions respected.
25. Be provided to you, or a surrogate decision maker, information pertaining to the outcomes of care or services needed to participate in current and future health care decisions, and information on any sentinel event arising from provided services.
26. To request and receive complete up-to-date information relative to your condition, treatment, alternative treatments, risk of treatment or care plans.

27. To request and receive, or make changes to disclosures of your health information, in accordance with law and regulation.
28. To know or ask how to access support from consumer advocates.
29. To speak to a health professional.
30. For pharmacy health and safety information to include patient's rights and responsibilities.
31. To know about the philosophy and characteristics of the patient management program.
32. Have personal health information shared with the patient management program only in accordance with state and federal law.
33. Identify the staff member of the patient management program and his or her job title, and speak with a supervisor of the staff member, if requested.
34. Receive information about the patient management program.
35. Receive administrative information regarding changes in or termination of the patient management program.
36. Have one's property and person treated with respect, consideration, and recognition of patient dignity and individuality. Be free from mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown source, and misappropriation of patient property.
37. Decline participation, revoke consent, or disenroll at any point in time from the patient management program.
38. Be advised on agency's policies and procedures regarding the disclosure of clinical records.
39. Be fully informed of your responsibilities.

The following are considered Patient Responsibilities:

1. Submit any forms that are necessary to participate in the patient management program to the extent required by law.
2. Give accurate clinical and contact information and to notify the patient management program of changes in this information.
3. Notify your treating provider of your participation in the patient management program, if applicable.
4. Adhere to the plan of treatment or service established by your physician or healthcare provider.
5. Participate in the development and periodic revision of an effective plan of care and services.
6. Provide, to the best of your knowledge, accurate and complete medical and personal information necessary to plan and provide care/services.

NOTICE OF PRIVACY PRACTICES

Effective November 21, 2011

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

As part of the federal Health Insurance Portability and Accountability Act of 1996, known as HIPAA, the healthcare provider has created this Notice of Privacy Practices (Notice). This Notice describes the healthcare provider's privacy practices and the rights you, the individual, have as they relate to the privacy of your Protected Health Information (PHI). Your PHI is information about you, or that could be used to identify you, as it relates to your past and present physical and mental health care services. The HIPAA regulations require that the healthcare provider protect the privacy of your PHI that the healthcare provider has received or created.

This healthcare provider will abide by the terms presented within this Notice. For any uses or disclosures that are not listed below, the healthcare provider will obtain a written authorization from you for that use or disclosure, which you will have the right to revoke at any time, as explained in more detail below. **The healthcare provider reserves the right to change the healthcare provider's privacy practices and this Notice.** Revisions to the Notice will be posted in the healthcare provider and upon your request, provided to you in a paper format.

HOW THE HEALTHCARE PROVIDER MAY USE AND DISCLOSE YOUR PHI

The following is an accounting of the ways that the healthcare provider is permitted, by law, to use and disclose your PHI.

Uses and disclosures of PHI for Treatment: We will use the PHI that we receive from you to fill your prescription and coordinate or manage your health care.

Uses and disclosures of PHI for Payment: The healthcare provider will disclose your PHI to obtain payment or reimbursement from insurers for your health care services.

Uses and disclosures of PHI for Health Care Operations: The healthcare provider may use the minimum necessary amount of your PHI to conduct quality assessments, improvement activities, and evaluate the healthcare provider workforce.

The following is an accounting of additional ways in which the healthcare provider is permitted or required to use or disclose PHI about you without your written authorization. All uses and disclosures will be to the minimum necessary amount of your PHI. Many of these uses and disclosures will never be made by the healthcare provider; however, we are required by law to notify you of them as a health care provider.

Uses and disclosures as required by law: The healthcare provider is required to use or disclose PHI about you as required and as limited by law.

Uses and disclosure for Public Health Activities: The healthcare provider may use or disclose PHI about you to a public health authority that is authorized by law to collect for the purpose of preventing or controlling disease, injury, or disability. This includes the FDA so that it may monitor any adverse effects of drugs, foods, nutritional supplements and other products as required by law.

Uses and disclosure about victims of abuse, neglect, or domestic violence: The healthcare provider may use or disclose PHI about you to a government authority if it is reasonably believed you are a victim of abuse, neglect, or domestic violence.

Uses and disclosures for health oversight activities: The healthcare provider may use or disclose PHI about you to a health oversight agency for oversight activities which may include audits, investigations, inspections as necessary for licensure, compliance with civil laws, or other activities the health oversight agency is authorized by law to conduct.

Disclosures for judicial and administrative proceedings: The healthcare provider may disclose PHI about you in the course of any judicial or administrative proceedings, provided that proper documentation is presented to the healthcare provider.

Disclosures for law enforcement purposes: The healthcare provider may disclose PHI about you to law enforcement officials for authorized purposes as required by law or in response to a court order or subpoena.

Uses and disclosures about the deceased: The healthcare provider may disclose PHI about a deceased, or prior to, and in reasonable anticipation of an individual's death, to coroners, medical examiners, and funeral directors.

Uses and disclosures for cadaveric organ, eye, or tissue donation purposes: The healthcare provider may use and disclose PHI for the purpose of procurement, banking, or transplantation of cadaveric organs, eyes, or tissues for donation purposes.

Uses and disclosures for research purposes: The healthcare provider may use and disclose PHI about you for research purposes with a valid waiver of authorization approved by an institutional review board or a privacy board. Otherwise, the healthcare provider will request a signed authorization by the individual for all other research purposes.

Uses and disclosures to avert a serious threat to health or safety: The healthcare provider may use or disclose PHI about you, if it believed in good faith, and is consistent with any applicable law and standards of ethical conduct, to avert a serious threat to health or safety.

Uses and disclosures for specialized government functions: The healthcare provider may use or disclose PHI about you for specialized government functions including military and veteran's activities, national security and intelligence, protective services, department of state functions, and correctional institutions and law enforcement custodial situations.

Disclosure for workers' compensation: The healthcare provider may disclose PHI about you as authorized by and to the extent necessary to comply with workers' compensation laws or programs established by law.

Disclosures for disaster relief purposes: The healthcare provider may disclose PHI about you as authorized by law to a public or private entity to assist in disaster relief efforts.

Disclosures to business associates: The healthcare provider may disclose PHI about you to the healthcare provider's business associates for services that they may provide to or for the healthcare provider to assist the healthcare provider to provide quality health care. To ensure the privacy of your PHI, we require all business associates to apply appropriate safeguards to any PHI they receive or create.

OTHER USES AND DISCLOSURES

The healthcare provider may contact you for the following purposes:

Refill reminders: The healthcare provider may contact you to remind you of your prescription upon such time they are ready to be refilled.

Information about treatment alternatives: The healthcare provider may contact you to notify you of alternative treatments and/or products.

Health related benefits or services: The healthcare provider may use your PHI to notify you of benefits and services the healthcare provider provides.

Fundraising: If the healthcare provider participates in a fundraising activity, the healthcare provider may use demographic PHI to send you a fundraising packet, or the healthcare provider may disclose demographic PHI about you to its business associate or an institutionally related foundation to send you a fundraising packet. No further disclosure will be allowed by the business associates or an institutionally related foundation without your written authorization.

FOR ALL OTHER USES AND DISCLOSURES

The healthcare provider will obtain a written authorization from you for all other uses and disclosures of PHI, and the healthcare provider will only use or disclose pursuant to such an authorization. In addition, you may revoke such an authorization in writing at any time. To revoke a previously authorized use or disclosure, please contact the Pharmacist in Charge at Altruix to obtain a *Request for Restriction of Uses and Disclosures*.

YOUR HEALTH INFORMATION RIGHTS

The following are a list of your rights in respect to your PHI.

Request restrictions on certain uses and disclosures of your PHI: You have the right to request additional restrictions of the healthcare provider's uses and disclosures of your PHI; however, the healthcare provider is not required to accommodate a request. If you wish to request additional restrictions, please obtain the form, *Request for Restriction of Uses & Disclosures*, from the healthcare provider and return the completed form to the healthcare provider Pharmacist in Charge at Altruix.

The right to have your PHI communicated to you by alternate means or locations: You have the right to request that the healthcare provider communicate confidentially with you using an address or phone number other than your residence. However, state and federal laws require the healthcare provider to have an accurate address and home phone number in case of emergencies. The healthcare provider will consider all reasonable requests. If you wish to request a change in your communicating address and/or phone number, please obtain a

form, *Request for Alternative Arrangements for Confidential Communication*, from the healthcare provider and return the completed form to the healthcare provider Pharmacist in Charge at Altruix.

The right to inspect and/or obtain a copy your PHI: You have the right to request access and/or obtain a copy of your PHI that is contained in the healthcare provider for the duration the healthcare provider maintains PHI about you. If you wish to inspect or obtain a copy of your PHI, please obtain a form, *Request for Access to Records*, from the healthcare provider and return the completed form to the healthcare provider the Pharmacist in Charge at Altruix. There may be a reasonable cost-based charge for photocopying documents. You will be notified in advance of incurring such charges, if any.

The right to amend your PHI: You have the right to request an amendment of the PHI the healthcare provider maintains about you, if you feel that the PHI the healthcare provider has maintained about you is incorrect or otherwise incomplete. Under certain circumstances we may deny your request for amendment. If we do deny the request, you will have the right to have the denial reviewed by someone we designate who was not involved in the initial review. You may also ask the Secretary, United States Department of Health and Human Services (“HHS”), or their appropriate designee, to review such a denial. If you wish to amend your PHI files, please obtain a form, *Request for Amendment to PHI*, from the healthcare provider and return the completed form to the healthcare provider the Pharmacist in Charge at Altruix.

The right to receive an accounting of disclosures of your PHI: You have the right to receive an accounting of certain disclosures of your PHI made by the healthcare provider. If you wish to receive an accounting of disclosures of your PHI, please obtain a form, *Request for Accounting of Disclosures*, from the healthcare provider and return the completed form to the healthcare provider or the Pharmacist in Charge at Altruix. You should be aware, however, that such an accounting excludes uses and disclosures made for treatment, payment, or health care operations purposes.

The right to receive additional copies of the Healthcare provider’s Notice of Privacy Practices: You have the right to receive additional paper copies of this Notice, upon request, even if you initially agreed to receive the Notice electronically. If you wish to receive a paper copy of this request, please ask a healthcare provider workforce member and they will provide you with a copy.

REVISIONS TO THE NOTICE OF PRIVACY PRACTICES

The healthcare provider reserves the right to change and/or revise this Notice and make the new revised version applicable to all PHI received prior to its effective date. The revised Notice will be available, upon request, to all individuals. The healthcare provider will also post the revised version of the Notice in the healthcare provider.

COMPLAINTS

If you believe your privacy rights have been violated, you may file a complaint with the healthcare provider and/or to the Secretary of HHS, or his designee. If you wish to file a complaint with the healthcare provider, please contact the Pharmacist in Charge at Altruix. If you wish to file a complaint with the Secretary, please write to:

Office for Civil Rights
61 Forsyth Street, SW
Atlanta, GA 30303-8909

The healthcare provider will not take any adverse action against you as a result of your filing of a complaint.

Patient Management Program Information

Altruix believes that treatment is enhanced when patients and caregivers can make informed decisions about their medication therapy. Altruix provides a Patient Management Program (PMP) to those patients receiving specialty medications. The PMP services provide help for consumers to understand, manage, and comply with their drug treatment. In addition, it provides assistance to those patients experiencing difficulty taking, obtaining or following their medication schedule. Altruix's patient management services include the following:

- **A health assessment of the patient**
- **Education and counseling with the Pharmacist, designed to enhance patient understanding and appropriate use of his/her medications**
- **Information and resources designed to enhance patient compliance with specialty drug administration**
- **Coordination of healthcare services, with providers, and other healthcare professionals participating in the patient's care**
- **Care planning to ensure treatment goals meets the patient's needs and are shared among the patient's providers**

The PMP is offered free of charge to our patients.

Why Use Patient Management Services?

Altruix believes that patients may gain the following potential health benefits by participating in the Patient Management Program:

- **Improved knowledge of medication use and administration;**
- **Improved medication compliance by creating an individualized plan for the patient to make sure medication is taken as prescribed;**
- **Improved ability to manage difficult side effects;**
- **Greater self-management of medications and medical condition;**
- **Improved coordination of healthcare services through the collaboration of your pharmacist, doctor and healthcare team;**
- **24/7 accessibility to a pharmacist or other clinical person;**
- **Regular follow-up to assure your medications are being effective for you.**

The PMP has limitations. These include:

- **The program's benefits may be limited based on the patient's willingness to share their health information and their motivation to participate**
- **The patient must inform Altruix of changes in medical condition and medication therapy**

You will automatically receive these patient management services if you are taking a specialty medication. However, you may request not to participate in the program at any time by calling Altruix at: 215 494 9403.

Patient Management Program Patient Rights and Responsibilities

The Patient Management Program is offered to patients receiving specialty medications. Participation in the Patient Management Program provides the patient with greater knowledge, tools, and clinical follow-up to promote self-management of their medical condition and medications.

Patients participating in the Patient Management Program have the following rights and responsibilities:

Patient Rights:

- To know about the philosophy and characteristics of the patient management program;
- To have personal health information shared with the patient management program only in accordance with state and federal law;
- To identify the staff member of the program and their job title, and to speak with a supervisor of the staff member if requested;
- To speak to a health professional;
- To receive information about the patient management program;
- To receive administrative information regarding changes in or termination of the patient management program; and
- To decline participation, revoke consent to participate in the program or disenroll from the program at any point in time.

Patient Responsibilities:

- To submit any forms that are necessary to participate in the program, to the extent required by law;
- To give accurate clinical and contact information and to notify the patient management of changes in this information; and
- The responsibility to notify their treating provider of their participation in the patient management program.

Are there any support groups available to help with what I may be going through at this time?

- Our staff can assist with consumer advocacy support by calling 215-494-9403.

How can I be careful when I prepare and take my medications to avoid infections?

- Keep your medications in a clean storage area that is not accessible to children
- Keep your medications store at the correct temperature to maintain its effectiveness
- Pour medications in clean, well-lit area.
- If you are taking injectable medications make sure to read the additional information on how to administer injectable medications correctly.

How do I store my medications correctly?

- Your medication bottle will specify storage instructions, e.g., KEEP REFRIGERATED. Look for these instructions. They will be printed in colored labels and attach to the bottles or receptacle that stores the medication.
- If in doubt how to store your medications call your pharmacist.

How do I dispose of any left-over medication?

- Follow any specific disposal instructions on the prescription label or drug information sheet that accompanies a new order or refill of medication
- Take advantage of community programs that allow the public to take unused drugs to a central location for proper disposal
- If no specific drug disposal instructions are provided on the label of the medication bottle and no take back program is available in your community, throw the drugs away in the household trash following these steps:
 - Remove the medication from their original containers and mix them with an undesirable substance, such as, used coffee ground, dirt, or kitty litter.
 - Place the mixture in a sealable bag, empty can or other sealed container to prevent the mixture and the added medication from leaking or breaking out inside the garbage bag.
 - Scratch out all identifying information from the medication bottles.
- Do not give or share medication with other people. Something that works for can be dangerous for someone else.
- If any doubts about disposing a medication, contact Altruix and speak to the pharmacist for further instructions.

FEMA's Ready Campaign educates and empowers Americans to take some simple steps to prepare for and respond to potential emergencies, including those from natural hazards and man-made disasters. Ready asks individuals to do three key things: get an emergency supply kit, make a family emergency plan, and be informed about the different types of emergencies that could occur and appropriate responses. Everyone should have some basic supplies on hand in order to survive several days if an emergency occurs. This list of emergency supply kit items is only a starting point. It is important that individuals review this list and consider the unique needs of their family, including pets, for items to include. Individuals should also consider having at least two emergency supply kits, one full kit at home and smaller portable kits in their workplace, vehicle or other places they spend time.
